PRIMARY ELECTION

Passing Off Very Quietly This Afternoon

The republicans of Seymour are generally going to the polls this afternoon and expressing their preferences \$5.00 between the different candidates. The indications are that a fairly full vote will be polled. As we go to press about one-third of the vote has been cast. A large number will vote between six and eight o'clock, after the day's work has been completed.

THE republicans of Seymour will nominate a ticket this afternoon to be voted for at the regular city election in May The ticket will be a good on e worthy of the support of the people. To-day republicans choose between republicans. To-morrow the nominees will have the support, not only of the defeated candidates, but the support of their friends as well, which means triumph at the May election.

POLITICAL BREVITIES.

The indications now point to the renomination of Congressman Griffith without any decided opposition.

It appears this afternoon that a fairly good vote will be polled at the republican primary today. In two or three wards nearly the entire republican vote

* * The Jackson county democratic central committee held a meeting at Brownstown Monday and did some remarkable things. The old organization is still in complete control. The council and advice of the party men from the east part of the county do not seem to have much weight with a majority of the committeemen. This committee made the remarkable ruling that no more votes should be cast at the primary than were polled for Bryan in '96, thus ruling out all gold democrats, who generally supported the local democratic ticket, and all the young democrats who have arrived at the age of 21 since 1836. It seems too, that the arrangement is to have the full Bryan vote, no more, no less. The date of the primary was fixed for May 19. Some members of the committee were so displeased with the work of the majority that they left the room.

It is a pleasant duty to welcome back a comedian and comedy that pleased our local theatre goers so much as did Hennessy Leroyle in "Other People's Money" last season. Mr. Leroyle has been booked for his return date at the Opera House next Friday night. Every lover of good high class comedy should make a point of seeing him, as this is said to be his last season in "Other Pecple's Money." Mr. Leroyle will next season appear in a new comedy. In the supporting company are many wellkr.own players, among whom are Miss Lottie Wade, Miss Mabel Trunnell, Miss Ada Zell, Messrs. Jos. B. Totten, Chas. F. Stanley, Fred C. Kay and Harry

It is tried over again, but at every repetition the same mistake occurs. Some of the foremest people of the vicinity have heard the strange performance.

PRIMARY ELECTION

Passing Off Very Quietly This Afternoon.

The republicans of Seymour are generally going to the polls this afternoon and expressing their preferences \$5.00 between the different candidates. The indications are that a fairly full vote will be polled. As we go to press about one-third of the vote has been east. A large number will vote between six and eight o'clock, after the day's work has been completed.

The c ndidates are all in a good numor but hustling to get out their

Returns will be received at the RE-UBLICAN office.

THE republicans of Seymour will nominate a ticket this afternoon to be voted for at the regular city election in city chairman not later than the 1st May The ticket will be a good on e worthy of the support of the people. To-day republicans choose between republicans. To-morrow the nominees will have the support, not only of the defeated candidates, but the support of their friends as well, which means triumph at the May election.

POLITICAL BREVITIES.

The indications now point to the renomination of Congressman Griffith without any decided opposition.

It appears this afternoon that a fairly good vote will be polled at the republican primary today. In two or three wards nearly the entire republican vote will be out.

This committee made the remarkable ruling that no more votes should be cast at the primary than were polled for Bryan in '96, thus ruling out all gold democrats, who generally supported the local democratic ticket, and all the young democrats who have arrived at the age of 21 since 1836. It seems too, that the arrangement is to have the full Bryan vote, no more, no less. The date of the primary was fixed for May 19. Some members of the committee were so displeased with the work of the majority that they left the room.

MUSICAL GHOST.

Sacred Hymns Played on a Flute Are Heard Every Night.

Turnersville, Ind., March 8 .- The people of this place are greatly worked up over what is supposed to be a musical ghost. At about 10 o'clock every evening, in the house formerly occupied by Andrew Stephens, lately deceased, music is heard, seemingly sacred hymns played on a flute. They seem to be at some distance from the listener, as though a wall intervened between the musician and the persons listening. The music is perfectly rendered till in the latter part of the hymn, when a false note is struck. It is tried over again, but at every repetition the same mistake occurs. Some of the foremest people of the vicinity have heard the strange performance.

OLD CATERER ON TERRAPIN.

When It Is Ready, the Satisfaction Is In

"Eating It All Yourself." James Prosser, a famous colored caterer of this city, dead long ago, furnished the following formula for preparing and serving terrapin, which was published in a gastronomi journal at the time when he was on earth:

"You can't enjoy terrapin unless the

day is nippin. Temperature and terrapin go hand in hand. Now, as to your terrapin. Bless you, there is all the difference in the world in them. The more northerly is the terrapin found the better. You eat a Florida terrapin-you needn't despise it, for terrapin is terrapin everywhere-but you get a Chesapeake one or a Delaware bay one, or, Thomas O'Dounell and wife, of better still, a Long Island one, and there dozen and \$36. Warm water kinder washes the delicate flavor out of them. Don't you let Mr. Bergh know it, but your terrapin must be boiled alive. Have a good big pot, with a hot fire under it, so that he shan't languish, and when it has got on a full head of steam pop him in. What I am goin to give is a recipe for a single one. If you are awfully rich and go in for a gross of terrapin, just use your multiplication table. Just as soon as he caves in watch him and try his flippers. When they part when you pry them with your finger nail, he is good. Open him nicely with a knife. Bilin of him dislocates the George Hump'rey, agent for the snuffbox. There ain't overmuch of it, more's the pity. The most is in the jints of the legs and side lockers, but if you want to commit murder just you smash his gall, and then your terrapin is gone forever. Watch closely for eggs and handle them gingerly. Now, hav in got him or her all into shape, put the meat aside. Take three fresh eggsyou must have them fresh. Bile 'en hard and mash 'em smooth. Add to that a tablespoonful of sifted flour, three tablespoonfuls of cream, salt and pepper (red pepper to a terrapin is just depravity) and two wineglasses of sherry wine. Wine as costs \$2.50 a bottle ain't a bit too good. There never was a gotega in all Portugal that wouldn't think itself honored to have itself mixed up with a terrapin. Now you want quite a quarter of a pound of the very best fresh butter and put that in a porcelain covered pan and melt it first-mustn't be browned. When it's come to be oily, 'There ain't nothin that must be too point ed in terrapin stew. It wants to be quiet thing, a snave thing, just pervaded with a most beautiful and natural terrapin aroma. You must serve it to the people that eats it on a hot plate, but the real thing is to have it on & chafin dish, and though a man ough! not to be selfish there is a kind of divine satisfaction in eatin it all yourself."-Philadolphia Times.

OLD CATERER ON TERRAPIN.

When It Is Ready, the Satisfaction Is In "Eating It All Yourself."

James Prosser, a famous colored caterer of this city, dead long ago, furnished the following formula for preparing and serving terrapin, which was published in a gastronomi journal at the time when he was on earth:

"You can't enjoy terrapin unless the day is nippin. Temperature and terrapin go hand in hand. Now, as to your terrapin. Bless you, there is all the difference in the world in them. The more northerly is the terrapin found the better. You eat a Florida terrapin-you needn't despise it, for terrapin is terrapin everywhere-but you get a Chesapeake one or a Delaware bay one, or, better still, a Long Island one, and there is just the difference between \$10 a dozen and \$36. Warm water kinder washes the delicate flavor out of them. Don't you let Mr. Bergh know it, but your terrapin must be boiled alive. Have a good big pot, with a hot fire under it, so that he shan't languish, and when it has got on a full head of steam pop him in. What I am goin to give is a recipe for a single one. If you are awfully rich and go in for a gross of terrapin, just use your multiplication table. Just as soon as he caves in watch him and try his flippers. When they part when you pry them with your finger nail, he is good. Open him nicely with a knife. Bilin of him dislocates the snuffbox. There ain't overmuch of it, more's the pity. The most is in the jints of the legs and side lockers, but if you want to commit murder just you smash his gall, and then your terrapin is gone forever. Watch closely for eggs and handle them gingerly. Now, havin got him or her all into shape, put the meat aside. Take three fresh eggsyou must have them fresh. Bile 'em hard and mash 'em smooth. Add to that a tablespoonful of sifted flour, three tablespoonfuls of cream, salt and pepper (red pepper to a terrapin is just depravity) and two wineglasses of sherry wine. Wine as costs \$2.50 a bottle ain't a bit too good. There never was a gotega in all Portugal that wouldn't think itself honored to have itself mixed up with a terrapin. Now you want quite a quarter of a pound of the very best fresh butter and put that in a porcelain' covered pan and melt it first-mustn't be browned. When it's come to be oily, There ain't nothin that must be too point ed in terrapin stew. It wants to be : quiet thing, a suave thing, just pervaded with a most beautiful and natural terrapin aroma. You must serve it to the people that eats it on a hot plate, but the real thing is to have it on a chafin dish, and though a man ough! satisfaction in eatin it all yourself."-

Incidents on Troubled Relations of United States and Spain.

WARSHIP ORDERED TO HAVANA.

Mr. Cannon's Resolution Led Other Topics at the Nation's Capital-Work of Court of Inquiry-Colonel Dick on the Gravity of the Situation-Other News.

Washington, March 8 .- There were no less than five important events yesterday having a bearing more or less direct apon the troubled relations between the United States and Spain, viz: The introduction in congress by Mr. Cannon of a resolution carrying \$50,000,000 for the public defence; the withdrawal by the Spanish government of its intimated objection to the continuance of office of Consul General Lee: the order of the cruiser Montgomery to proceed to Havana in place of the Fern; the passage through the house of the bill increasing the artillery army by two regiments, and the institution of negotiations looking to the purchase of warships for our

result of a conference between the author, the president, Senator Hale and other leading spirits in congress.

As for General Lee's case, the news of the satisfactory ending of the incident through the withdrawal of the suggestion by Spain was expected, as foundrymen are now considering the it was moted that a loophole had been left open through the failure to make the complaint in anything like an offleial shape. Some fear is expressed that the consul general will not find his post very congenial now that he knows he is OFFICER OFFI the First National Bank, an unwelcome guest in Havana, but the cymonr, Ind. administration is relying upon his dein Cuba and American interests generally to submit his own personal wishes to restraint and remain at his Lonisville, and Deputy United States

General Lee." This confirmed Mr. Du Bosc's view that a misapprehension had occurred. and that some intimation concerning General Lee had been construed into a request or demand for his recall, which Mr. Da Bose says with politiveness was never intended.

and a capable mother, if she will but take the proper care of herself in a womanly way. Dr. Pierce's Favorite Prescription is the best medicine for ailing women, young or old. It strengthers and invigorates the organs distinctly feminine. It promotes regularity of their functions, It allays irritation and inflammation. It checks unnatural and exhausting drains. It puts the whole organism concerned in wifehood and motherhood into perfect condition.

Almost all of the ills of womankind are

traceable to some form of what is known as "female complaint." Troubles of this kind unfit a woman for wifehood and mother-hood. Thousands of grateful women have been rendered healthy and happy by the use of this marvelous medicine. At their own request, the experience and testimony of many of them have been included in Dr. Pierce's Common Sense Medical Adviser. The "Favorite Prescription" is sold by all good dealers and an honest dealer will not try to induce you to take an inferior substitute for the sake of extra profit.

Mrs. G. A. Conner, of Alleghany Springs, Montgomery Co., Va., writes: "My daughter, aged 15 years, had a goitre coming on her neck and it disfigured her very much. Captain Crowninshield, chief of the bireau of navigation, says that no time has been fixed for the stay of the Montgomery at Havana, as the only decision thus far reached is that she will replace the Fern there for the present.

The Montgomery will be the first United States warship at Havana since the Maine disaster.

Toronto, March 8 .- The Ottawa correspondend of The Globe (the Liberal government's mouthpiece), referring to the passage of the Alaskan homestead law by the United States and the concessions to be asked from Canada, in return for the privilege of bonding goods at Fort Wrangel, says:

"The answer of our government to the remarkable legislation passed by the in a continuous tank furnace and will senate at Washington on Friday, should it receive the president's sanction, will be a courteous reminder that we intend to navigate the Stikeen under the treaty rights, which give us this privilege for-

"The bill adopted in effect gives us the right to enter goods at Wrangel and transship in bond only on certain impossible conditions, among them that we shall allow all American miners entering the Yukon to carry in half a ton of food, clothing and plant free of duty; that we shall allow American fishermen to remain over night there. the right to purchase bait in our ports; that we shall give charters to American railways, beginning at Dyea and Skagnay, and desiring to build through British territory; that we shall issue miners' licenses at points convenient for United States citizens.

"There is not a petty South American state that would allow itself to be held the knee by falling under the cars at St. up in this manner, and there is a good deal of scornful amusement among members of parliament over the demands of the United States conate.

"It will probably be intimated to the authorities at Washington as plainly as diplomatic words can intimate it, that Canada will shut up the Yukon as tight as a bottle, turn back all American miners and keep the gold fields as they are, until a railway can be built from an ocean port of British Columbia into the region, rather than submit to any terms of the sort contained in the bill.'

MUSICAL GHOST.

Heard Every Night.

Turnersville, Ind., March 8 .- The people of this place are greatly worked up over what is supposed to be a musical ghost. At about 10 o'clock every eyening, in the house formerly occupied by Andrew Stephens, lately deceased, music is heard, seemingly sacred hymns played on a flute. They seem to be at some distance from the listener, as though a wall intervened between the musician and the persons listening. The music is perfectly rendered till in the latter part of the hymn, when a false note is struck. It is tried over again, but at every repetition the same mistake occurs. Some of the foremest people of the vicinity have heard the strange performance.

OLD CATERER ON TERRAPIN.

When It Is Ready, the Satisfaction Is In "Eating It All Yourself,"

James Prosser, a famous colored caterer of this city, dead long ago, furnished the following formula for preparing and serving terrapin, which was published in a gastronomi journal at the time when he was on earth: "You can't enjoy terrapin unless the

day is nippin. Temperature and terra-pin go hand in hand. Now, as to your terrapin. Bless you, there is all the difference in the world in them. The more northerly is the terrapin found the better. You eat a Florida terrapin-you needn't despise it, for terrapin is terrapin everywhere-but you get a Chesapeake one or a Delaware bay one, or better still, a Long Island one, and there is just the difference between \$10 a dozen and \$36. Warm water kinder washes the delicate flavor out of them. Don't you let Mr. Bergh know it, but your terrapin must be boiled alive. Have a good big pot, with a hot fire under it, so that he shan't languish, and when it has got on a full head of steam pop him in. What I am goin to give is a recipe for a single one. If you are awfully rich and go in for a gross of terrapin, just use your multiplication table. Just as soon as he caves in watch him and try his flippers. When they part when you pry them with your finger nail, he is good. Open him nicely with a knife. Bilin of him dislocates the snuffbox. There ain't overmuch of it, more's the pity. The most is in the jints of the legs and side lockers, but if you want to commit murder just you smash his gall, and then your terrapin is gone forever. Watch closely for eggs and handle them gingerly. Now, havin got him or her all into shape, put the meat aside. Take three fresh eggsyou must have them fresh. Bile 'em hard and mash 'em smooth. Add to that a tablespoonful of sifted flour, three tablespoonfuls of cream, salt and pepper (red pepper to a terrapin is just depravity) and two wineglasses of sherry wine. Wine as costs \$2.50 a bottle ain't a bit too good. There never was a gotega in all Portugal that wouldn't think itself honored to have itself mixed up with a terrapin. Now you want quite a quarter of a pound of the very best fresh butter and put that in a porcelain covered pan and melt it first—mustn't be browned. When it's come to be oily, 'There ain't nothin that must be too point ed in terrapin stew. It wants to be quiet thing, a snave thing, just pervaded with a most beautiful and natural terrapin aroma. You must serve it to the people that eats it on a hot plate, but the real thing is to have it on a chafin dish, and though a man ough! not to be selfish there is a kind of divine satisfaction in eatin it all yourself."-
